- Chassis
- Boom
- Solution system
- Foam marker system
- AMS if applicable
- Load command center
- Dry spreader system
- More!

Ask about our winterization package!

John Deere's sprayer winterization fluid is specifically formulated to protect the ENTIRE liquid system of sprayers - with the same solution - from damage caused by freezing and corrosion during cold weather or long-term storage. Our unique formula can be reused year after year or sprayed out during normal spray operation without risk to crops or environment.

Non-John Deere winterization fluid may require flush-out before spring spraying, is non-reusable, and may not protect your entire sprayer system.

PLANTERS

Schedule by February 28, 2017

12 row \$350

Early Bird \$280

16+ row \$438

Early Bird \$350

Systems checked:

\$250

Early Bird \$200

Systems checked:

- Drives
- Automatic twine & net wrapping systems
- Belts
- Hydraulics
- Pickup
- Rolls
- More!

Bulk Oil & DEF Delivery

BULK OIL & DEF DELIVERY

Ask ICON about Bulk Oil & DEF delivery to your farm. Bulk delivery eliminates waste and is more economical and convenient than buying individual drums or pails.

Bulk Oil

- Bulk oil formulated specifically for John Deere engines
- Field tested and proven in harsh environments
- Longer service intervals
- Lower cost per hour
- Tanks available for purchase

DEF

- Delivery scheduled as needed
- Customizable storage and delivery options
- DEF Totes and pumps available for purchase

Compare our bulk price against anyone!

Talk to your Customer Service Rep or local parts department about your yearly farm needs.

Mobile Service

MOBILE SERVICE

ICON's Mobile trucks are equipped with everything our tech might need to keep you running in the field, eliminating wasted time transporting down equipment to the shop.

Parts On Site

PARTS ON SITE

ICON's Parts On Site program is designed to maximize uptime for our farmers. Our Customer Service Representatives provide FREE on-farm solutions and will keep your cabinet stocked with the parts you need throughout the year. Plus, parts delivery is a free service for you!

It's easy to start. First, ask your CSR about cabinet options available to you. Then, they'll work with you to determine the best parts inventory for your operation. These stocked parts allow you to spend more time in the field and less time at the parts counter.

Benefits

- Parts delivered directly to your shop
- Custom parts stocking lists, dependent on the season
- Dealership Support - Your CSR's will work with you to determine the best parts for your operation. Reorder what you need, when you need it and your CSR will deliver
- Around the clock accessibility – minimizing after-hours calls and down time
- Increased uptime and more efficient workdays

ASK ABOUT NPNI FINANCING OPTIONS*

*Subject to John Deere Financial approval. See ICON for details. Depended on current program details.

Precision Ag

PRECISION AG

Our multiple Support Packages have the ability from start to finish, season to season to pull your farming operation together by aligning your machinery with products that increase efficiency and productivity. Make better decisions to control inputs and yields leading to more profitability for you!
